

2020
ATV/ROV

FARMING LIFE IS GREAT

LET'S KEEP IT THAT WAY!

Our land workers need transport that can cope with harsh local conditions. They need to keep going when the chips are down, but they also appreciate convenience and comfort.

Our ambassadors such as rugby legend and dairy farmer George Whitelock recognise the real world tough dependability and capability of Yamaha utility vehicles.

He also knows the importance of safety on the land for not only themselves but for family, friends and neighbours. ATV/ROV industry safety message - always wear a helmet, never carry a passenger on a single seat ATV and never allow children to ride adult size ATVs.

Farming life is great. So let's keep it that way.

Enjoy it on a Yamaha.

George Whitelock

GRIZZLY 700

Yamaha's rugged Grizzly has earned a solid reputation for being the world's toughest ATV. This class-leading four wheeler sports the proven 686cc DOHC engine that offers more torque for work... and play. Its compact bodywork runs LED lights and a halogen work light for powerful illumination. The new Grizzly range also features a new easy read multifunction display.

Grizzly – powerful, versatile, comfortable.

KEY FEATURES

Yamaha Ultramatic® CVT automatic transmission

Yamaha On-Command® 2WD, 4WD, 4WD with Diff-lock

Independent long-travel adjustable suspension

All wheel disc brakes

Tough Maxxis 26-inch tyres

Large digital display

Yamaha Electric Power Steering (EPS)

Steel
Blue

FUN ATV

GRIZZLY 90

Yamaha offers the all-new Grizzly 90 for smaller adventure-seekers.

Scaled down but not scaled back, the new Grizzly 90 takes cues from the top-performing big bore Grizzly. The result is accessible, confidence-inspiring performance with Grizzly family style.

With convenient features like electric-start, a large comfortable seat, front/rear racks and aggressive styling, the new Grizzly 90 is the perfect machine for riders 10 years and older who want to realise adventure with family and friends.

Now you can have one just like dad's.

KEY FEATURES

Confidence-Inspiring 90cc engine with electric start

Big mud deflecting guards

Tool-less quick-access air filter element

Front and rear drum brakes

Integrated cargo racks

Terrain grabbing 19-inch front and 18-inch rear tyres

Professional rider depicted on a closed course.

YFZ450R

YFZ450R's sharp-handling chassis and ultra-responsive engine have made it today's racing ATV of choice.

A race-bred assist and slipper clutch gives more precise control over corner entry speed for quicker lap times – while a high performance engine delivers superfast throttle response and hard-hitting high rpm power for holeshot-winning performance.

Sharp-designed bodywork gives the rider space to shift bodyweight during cornering or hard acceleration.

YFZ450R – the first and only choice for ATV racers.

KEY FEATURES

High compression engine for high performance

Hybrid chassis engineering

Lightweight piggyback shocks for precise handling

Easy operation thumb lever

Overfender Kits. Overfender kits are available for most ATVs. Constructed of a wide, tough and durable plastic and are designed to deflect trail debris, the overfenders provide a seamless and unified body line.

Cargo Boxes for Kodiak 700. Heavy-duty, durable cargo boxes allow you to take along your essentials. With 37L front capacity and 66L rear capacity, they have all your storage needs met. Front and rear cargo boxes sold separately.

Pro Vantage Winch and Mounting Kit for Kodiak 700. A real workhorse. Built with premium components and 2500lb of pulling capacity makes it ideal for recovering stuck ATVs or pulling heavy loads on the work site. Sold separately.

Cargo Bed Box for Wolverine. Approx 18L of cargo capacity, constructed of tough, linear, low-density polyethylene. It securely carries what you need when venturing out in your Wolverine.

Spare Tyre Mount for Wolverine. Allows the transport of a spare tyre and wheel for long rides or rough terrain to give you peace of mind that you've got a back-up if needed.

Rear Window for Wolverine. Made of SurLast all-weather, mildew & fade-resistant fabric with a clear 20-gauge polished vinyl window. Provides years of added protection from wind, rain and debris. Black or Camo.

Heavy Duty Front Brush Guard for Kodiak 700. This rugged Brush Guard is designed to provide additional protection while you're out on the trail.

Rear Cargo Box for YXZ1000R. Rear Cargo Box with 127L capacity made from tough, linear, low-density polyethylene. It is water and dust-resistant with a lockable lid and many other features. Ideal for storing all your essentials.

Folding Windshield for YXZ1000R.

Provides protection and versatility for changing weather conditions thanks to its convenient folding design. Fold the hard-coated polycarbonate panels up, down, or simply tip-out.

YFZ450R Nerf Bars. Combines the nerf bars, footwells, and foot pegs into one accessory. Extruded joint clamp helps make installation and alignment a snap. Durable black nylon webbing in nerf bar and footwell areas.

Sub-Woofer for Wolverine. Adding ground pounding bass to your Wolverine this sub-woofer is a simple plug and play expansion to the accessory audio options available.

YXZ Turbo. Designed for the no-limits driver who wants to pull more power from their YXZ. Increased adrenaline when you hit the gas.

Font Brush Guard for Wolverine X2 or X4.

A Front Brush Guard offers excellent protection from brush and trail obstacles while blending perfectly into the style of the front end.

A-Arm Skid Plates for Wolverine.

Provides lightweight, durable protection to lower A-Arms. Available for both front and rear A-Arms. Sold separately.

FEATURES AND BENEFITS

Sequential five speed shift

Found on: YXZ1000R

Auto drive is the best system for utility vehicles, but sport requires a different approach. Which is why we fitted the first true sports ROV with a sequential five speed gearbox – other vehicles in this class use automatic CVT transmission. Using a clutch and gearbox has several advantages for the racer – there is a more direct connection and driver involvement, a gearbox has less power drain than an auto system and a gearbox eliminates a potentially fragile belt drive.

Self-Levelling Suspension

Found on: Wolverine X4

The Wolverine X4 SE features self-levelling rear shocks that automatically adjust to changes in vehicle load. Not only does this system maintain ideal chassis geometry and eliminate the need to adjust shock preload, the system is completely self-contained and requires no heavy air compressors or electric motors. The motion of the vehicle itself pressurises the shock's internal valving, for an ideal chassis set-up on every ride.

Foam oil filter

Found on: All utility ATVs and ROVs

In order to combat harsh New Zealand conditions and to keep your engine in prime condition, we fit foam oil filters to all our ATV and ROV products in NZ.

Multi-function digital data display

Found on: Top of range Kodiak, large capacity Grizzlies and ROVs

Yamaha's comprehensive LCD display provides full information about speed and transmission mode, with trip and hour meter included to monitor your journey.

Speed sensitive EPS – Electric Power Steering

Found on: All EPS models

Yamaha speed sensitive EPS system greatly reduces the physical effort of steering while also dampening any steering kickback from bumps and rocks. The system is driven by a dedicated ECU, that measures steering input force versus tyre resistance and vehicle speed, which then provides appropriate power to the steering column through an electric motor. The process takes only milliseconds to calculate and engage, so the rider never knows that the EPS is activated, except to feel the comfort in controlling the machine. It also greatly reduces the torque needed to steer the ATV when in 4-wheel full Diff-lock. EPS is an option on models above 450cc.

All new ROV twin cylinder engine technology

Found on: Wolverine X2 and X4

Providing the category's best balance of power and control, Wolverine X2 features Yamaha's 847cc in-line twin cylinder engine with Ultramatic® automatic transmission.

The smoothest and quietest engine in its class features a fly-by-wire electronic throttle and high-output alternator married to the durable and reliable Ultramatic transmission with super low-end torque and powerful driving force for conquering anything from challenging terrain and tight, technical trails to tough chores.

MAKE YOUR DREAM A REALITY

Yamaha Motor Finance. Ltd. (YMF) is a 100% owned subsidiary of Yamaha Motor Ltd that has been established to give Yamaha customers access to specially tailored finance packages on Yamaha's huge range of products.

A YMF loan is simple and convenient. Applications can be completed in person at one of Yamaha's nationwide dealerships or pre-approved online through the Yamaha website.

Apart from competitive repayments on loans, you also benefit from the following:

-  Fixed interest rate and repayment
-  Flexible loan terms available from 2 to 5 years
-  No monthly account keeping fee
-  Ability to finance accessories and approved insurances
-  Simple and convenient

For further information on finance packages contact your local Yamaha dealer, or call YMF Direct Sales on 0800 777 123 (NZ) or visit www.ymf.co.nz

Yamaha Motorcycle Insurance (YMI) is a factory backed product that offers a variety of unique policy features and benefits exclusive to Yamaha owners.

YMI is the ultimate in protection offering competitive rates along with a hassle free claims process.

YMI Features & Benefits:

-  Only genuine Yamaha parts used on repairs
-  Three years new for old replacement on your new Yamaha

For further information on insurance contact YMI today on 0800 664 678 (NZ) or visit or www.ymi.co.nz

The information provided by YMF in this brochure is of a general nature and for information only. Before making a decision about finance options featured in this brochure, you should consult with your independent legal, taxation and financial advisor, who can advise you which finance arrangement will best suit your individual circumstances, objectives and personal or commercial needs. Note: Loan applications are subject to YMF's normal lending approval process and credit is subject to approval. Credit criteria, fees and charges, terms and conditions apply. Please refer to our General Information section for more details about our loan products, fees, charges and standard loan terms and conditions. A copy of full terms and conditions is also available on request and will be included with the loan contract and schedule. Image shows model fitted with genuine accessories - Front and rear over-fenders, windscreen and roof

A professional rider wearing a black helmet and goggles is seated on a black and gold Yamaha off-road vehicle. The vehicle is positioned on a dirt path, with its front wheel slightly lifted. The background is a dense forest with green foliage. The image is framed by a dark blue vertical bar on the left side.

Professional rider depicted on a closed course.

VISIT US AND LOCATE A YAMAHA DEALER AT:

www.yamaha-motor.co.nz

Always remember to review your Yamaha Motorcycle Owner's Manual before you ride. Before each ride, take time to check all your equipment. Always wear an approved helmet, eye protection, long-sleeved shirt, long trousers, gloves and boots. And always be sure your bike is in first-class condition before riding. Keep it well-maintained and always outfitted in accordance with state and local laws. Every motorcycle rider should be aware of the limits of his or her skills, experience and abilities and ride accordingly. Beginners should be extremely cautious and allow extra time and distance for manoeuvring and braking. All riders should ride well within the limits of their abilities, never beyond them. Always ride in a responsible manner, respecting the environment as well as all state and local laws. Ride responsibly, and remember, motorcycle riders, as all motorists, must practice defensive driving. Do not drink and ride, it is illegal and dangerous. Yamaha encourages you to ride safely and respect the environment. Specifications and colour options are subject to change without notice, in accordance with national regulations and legislations. Copyright is YMNZ. Yamaha reserves the right to change specifications without notice. Confirm with your dealer before purchase.
